

80 HERTZ STUDIOS

PODCAST SERVICES

WELCOME

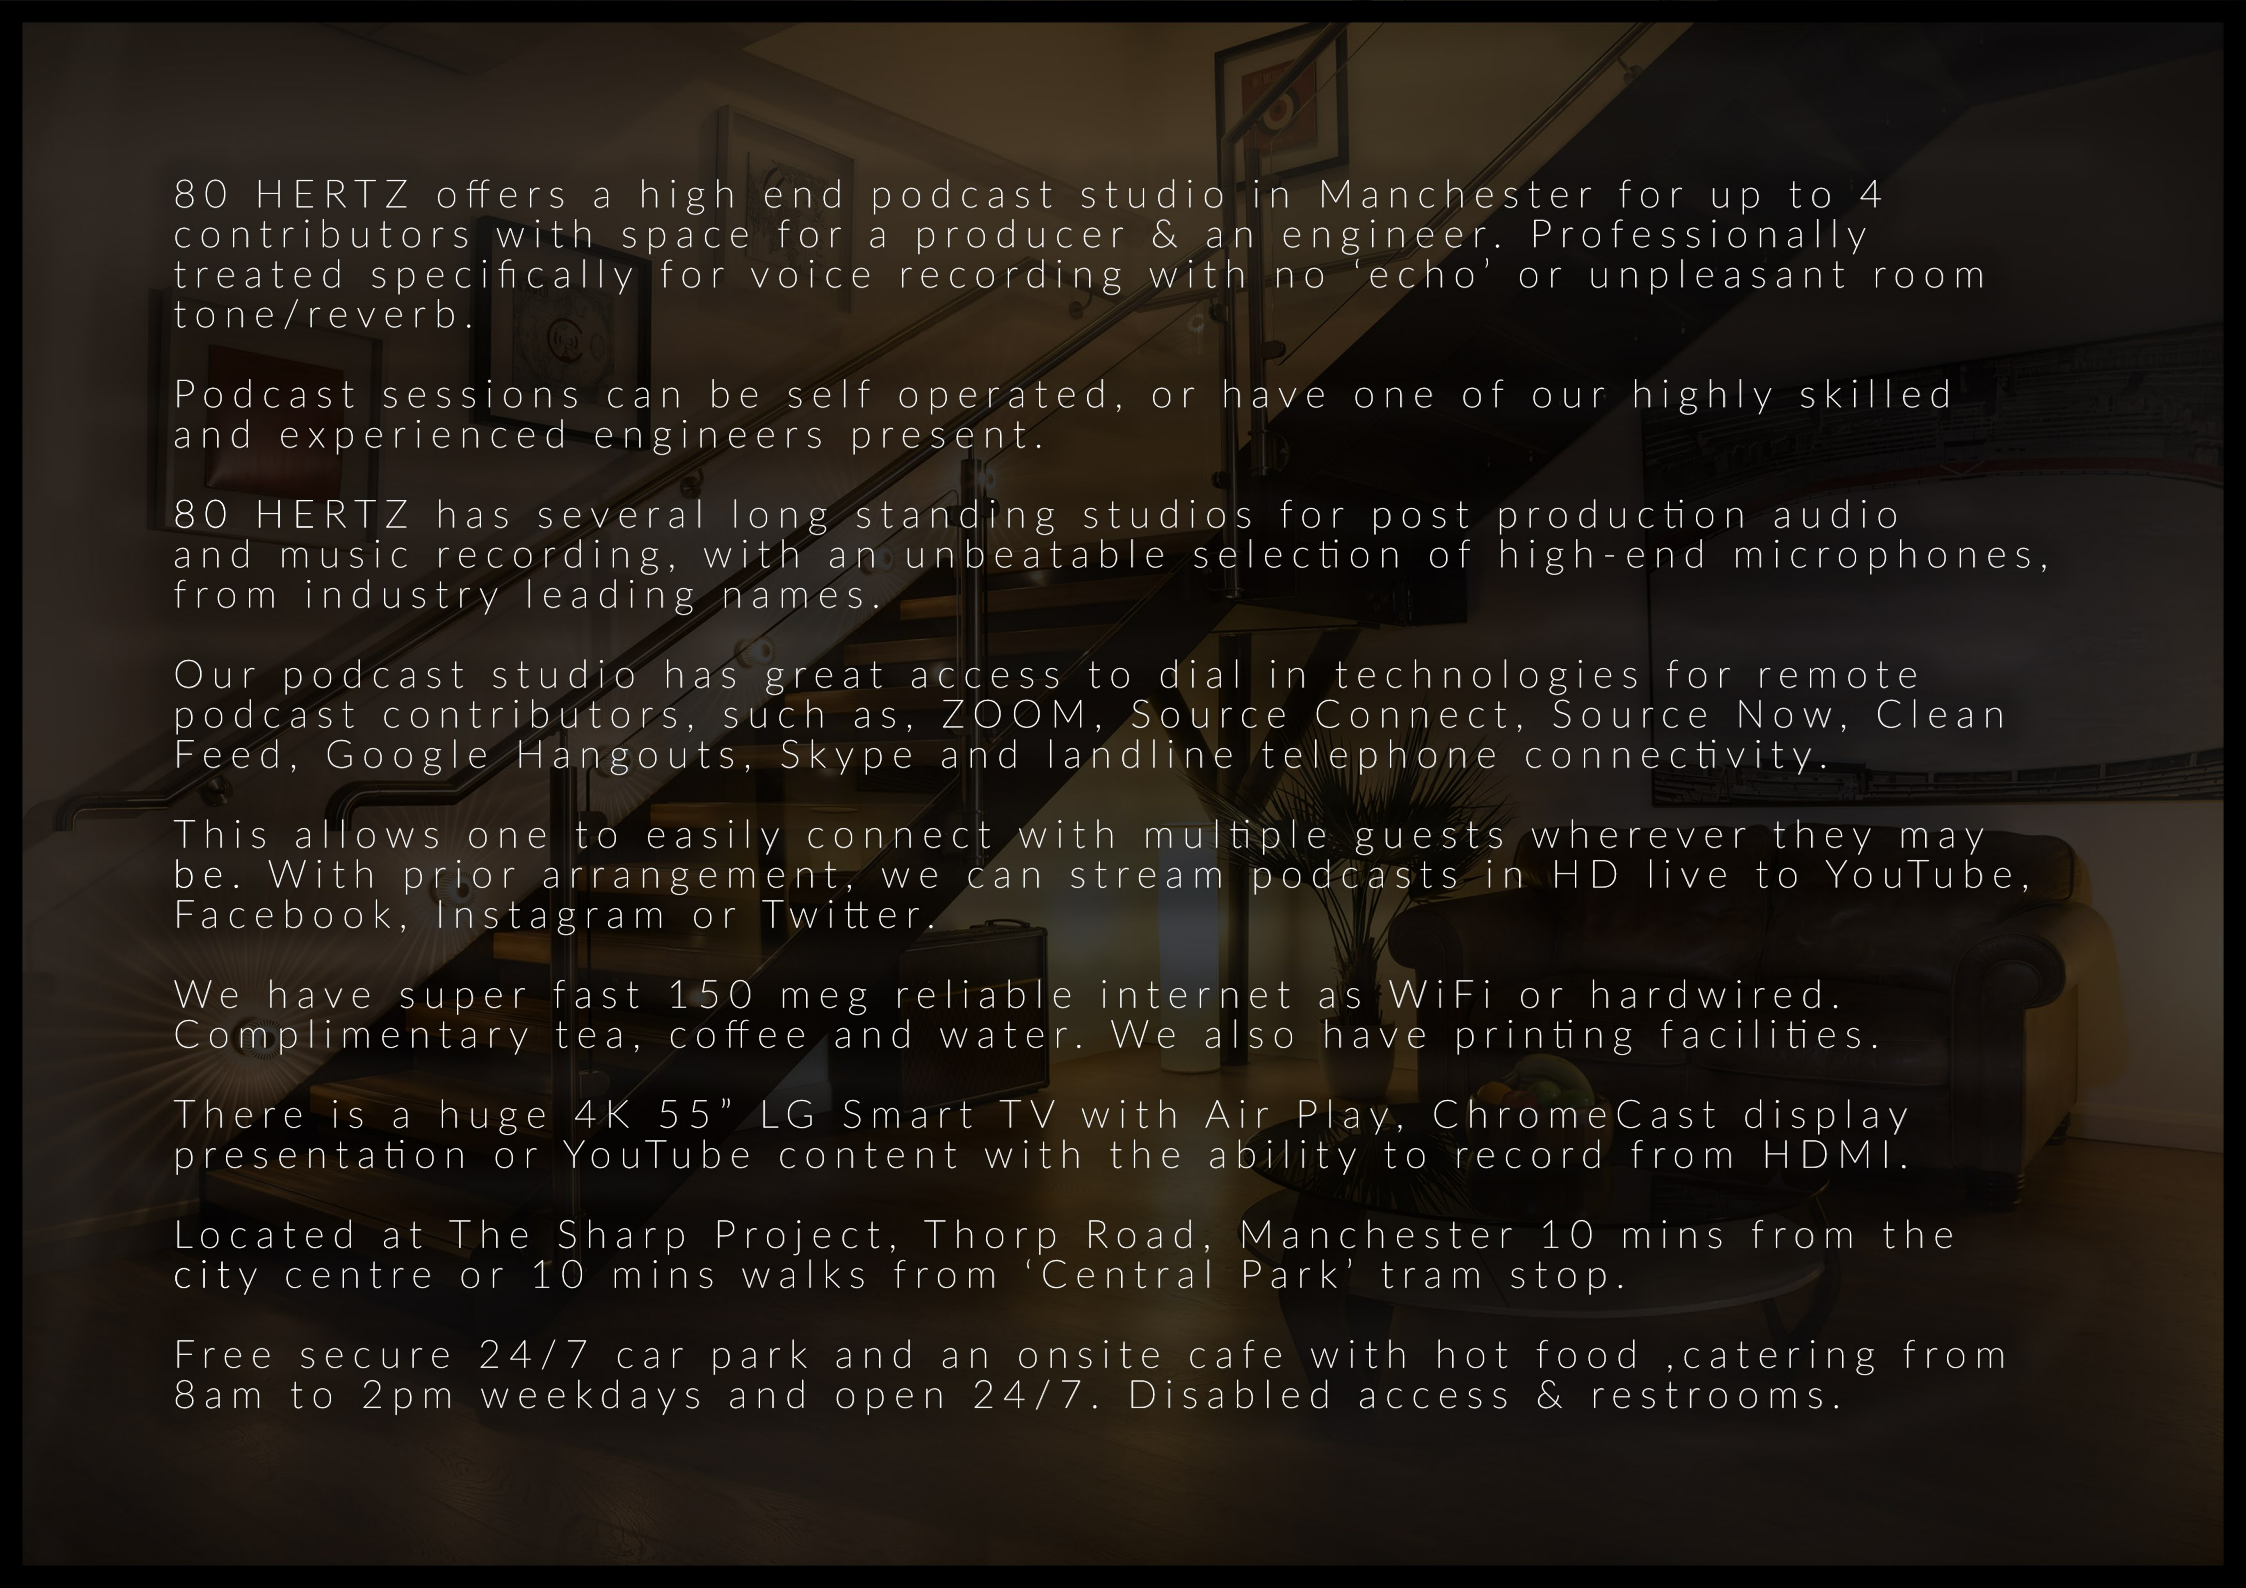

# CLIENTELE

80 HERTZ offers a high end podcast studio in Manchester for up to 4 contributors with space for a producer & an engineer. Professionally treated specifically for voice recording with no 'echo' or unpleasant room tone/reverb.

Podcast sessions can be self operated, or have one of our highly skilled and experienced engineers present.

80 HERTZ has several long standing studios for post production audio and music recording, with an unbeatable selection of high-end microphones, from industry leading names.

Our podcast studio has great access to dial in technologies for remote podcast contributors, such as, ZOOM, Source Connect, Source Now, Clean Feed, Google Hangouts, Skype and landline telephone connectivity.

This allows one to easily connect with multiple guests wherever they may be. With prior arrangement, we can stream podcasts in HD live to YouTube, Facebook, Instagram or Twitter.

We have super fast 150 meg reliable internet as WiFi or hardwired. Complimentary tea, coffee and water. We also have printing facilities.

There is a huge 4K 55" LG Smart TV with Air Play, ChromeCast display presentation or YouTube content with the ability to record from HDMI.

Located at The Sharp Project, Thorp Road, Manchester 10 mins from the city centre or 10 mins walks from 'Central Park' tram stop.

Free secure 24/7 car park and an onsite cafe with hot food ,catering from 8am to 2pm weekdays and open 24/7. Disabled access & restrooms.
